I was dispatched to the listed location on a report of a pick up truck that had

been an accident and left abandoned. Upon arrival the truck was located off of the roadway in the trees. There was nobody around the vehicle and it appeared it had been there since at-least the night before. I attempted contact with the registered owner but was unable to locate them. The registration showed insurance was not found and there was no proof with the vehicle. Due to the fact the vehicle had been driven off the roadway and in an accident and the accident had not been reported and the vehicle was showing no insurance the vehicle was state impounded. I had a hold placed on the vehicle so that it was not released until law enforcement was notified. WH200

Address:

I was dispatched to Payson to assist with a suspicious four wheeler found at a church parking lot. It was discovered that the four wheeler possibly belonged to an elk ridge resident. He was contacted and it was discovered that the four wheeler had been taken from his house and that his grand daughter had possibly taken it. He did not have proof of ownership for the four wheeler and it was registered in another persons name; however, he is responsible for his grand daughter and requested that she be listed as a runaway. I will follow up to confirm ownership and consider theft charges. The location of the runaway is unknown. She is being monitored by juvenile probation for a previous car theft.

I spoke with the complainant about the springs on his son's truck being damaged after his girlfriend's step-father overloaded it with snow. The complainant wanted to know if he needed to make a report. I asked him if the damage was intentional and he told me he didn't think it was but the step-father was being a jerk. I explained the civil side of it to him and he said he would try to work it out. WH100
