Sun Dec 19 22:44:55 MST 2010 S. Jensen SO-207 I responded to a burglary alarm. I found the back door unlocked and being influenced by the wind.

A neighbor responded and told me that the owner was out of town and that he was looking after the house. We checked the house and everything looked in order. We locked the back door and secured the house. It appears that the wind blew the door and caused the alarm. No further. WH200
