Address:

On 9/14/12 at approximately 2133 hours I was dispatched on a civil problem. I made contact with the RP who stated that her daughter recently left her husband and moved back in. Her husband has been trying to contact her by phone all day but she had denied them. Tonight the husband showed up at the door. The RP stated that she felt uncomfortable with him being there and wanted him to leave. When questioned, she admitted that the husband had done nothing wrong or made any threats.

I made telephonic contact with the husband; who had already left the residence when they didn't answer. I explained that they requested he be trespassed from the residence and to have it explained he was not to come back. He stated that he understood and would not come back. The RP was advised of this conversation.

I received a detail from dispatch regarding unknown individuals in the drive way of the reporting parties residence. I responded to the location where I conducted an exterior perimeter check of the residence. No suspects were discovered on the premises.

Based on my observations a theft possibly could have occurred; however, the reporting party was unable to tell me if any items were missing from the garage.

Also based on my observations the reporting party was intoxicated, possibly on prescription medication. I cleared the detail and instructed the reporting party to call the Sheriff's Office if they discover any items missing from the garage. WH300
